Membership procedure for Institutional Members

After having received your application, the ITD Alliance Leadership Board will decide on your membership and, if requested, if a fee reduction is applicable. If assessed positively by the board, an invoice will be transmitted and the institution will be listed on the public list of members on the website (website soon to go public). Your membership will be installed after the payment of the membership fee.

Membership benefits include:

- being part of a dynamically growing community of experts and leading institutions in inter- and transdisciplinarity,
- receiving reduced conference fees for the ITD conferences (for up to 5 participants),
- participation in working groups for all members of the institution,
- being visible on the ITD Alliance webpage,
- receiving a membership button for your webpage,
- electing the members of the leadership board

Looking forward to welcome your institution as member of the ITD Alliance.
